

Name: Khadga Thapa

Date: 6/20/2021

Course: CSD 340

Assignment: Module4.2

HTML check:

The screenshot shows a web browser window with the URL `validator.w3.org/nu/#textarea`. The page title is "Nu HTML Checker". Below the title, a message states: "This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change". The main section is titled "Showing results for contents of text-input area". Under "Checker Input", there are checkboxes for "source" (checked), "outline", and "image report", along with an "Options..." button. Below this, a dropdown menu is set to "text input" and "css" is selected. The HTML code being checked is displayed in a text area:

```
<!DOCTYPE html>
<html lang="en">
<head>
  <meta charset="UTF-8">
  <title>Khadga Thapa's CSD 340 Landing Page</title>
  <link rel="stylesheet" type="text/css" href="site.css">
  <link href="https://fonts.googleapis.com/css2?family=Oswald:wght@300;400;500;700&display=swap" rel="stylesheet">
</head>
<body>
  <div id="container">
    <h1>Khadga Thapa's CSD 340 Landing Page</h1>
    <h2>CSD 340 Web Development with HTML and CSS</h2>
  </div>
</body>
</html>
```

Below the code area is a "Check" button. A message below the code area reads: "Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings." There is a "Message Filtering" button. A green banner across the page states: "Document checking completed. No errors or warnings to show." Below this, the "Source" section shows the original HTML code with line numbers 1 through 15.

W3C CSS Validator results for TextArea (CSS level 3 + SVG)

Congratulations! No Error Found.

This document validates as [CSS level 3 + SVG 1](#)

To show your readers that you've taken the care to create an interoperable Web page, you may display this icon on any page that validates. Here is the XHTML you could use to add this icon to your Web page:

```
<img alt="Valid CSS" data-bbox="144 228 178 241" style="border: 1px solid black; width: 30px; height: 15px; vertical-align: middle;"/>
</img>
```

```
<img alt="Valid CSS" data-bbox="144 278 178 291" style="border: 1px solid black; width: 30px; height: 15px; vertical-align: middle;"/>
</img>
```

(close the img tag with > instead of /> if using HTML <= 4.01)

 Interested in "developing" your developer skills? In W3C's hands-on Professional Certificate Program, learn how to code the right way by creating Web sites and apps that use the latest Web standards. [Find out more!](#)

If you like, you can download a copy of this image to keep in your local web directory, and change the XHTML fragment above to reference your local image rather than the one on this server.

If you would like to create a link to this page (i.e., this validation result) to make it easier to re-validate this page in the future or to allow others to validate your page, the URI is:

<http://jigsaw.w3.org/css-validator/validator?link>
